Information Sheet

Information sheet for downstream users of non-hazardous substances and preparations pursuant to Art. 32 of Regulation (EC) No. 1907/2006 (REACH)

Product identifier

Product name **240 Z**
Chemical name and synonym **not applicable (mixture)**
Company's VAT number **03773490010**
Appearance and colour **Solid plastic - Black**

Intended use

Description/Use **PREFORMED MASTIC SEALANT**
for professional and industrial use

Details of the supplier of the safety data sheet

Name **VABER INDUSTRIALE S.p.A.**
Address **Strada San Mauro, 203**
City and Country **10156 TORINO (TO) - ITALY**
tel. **+39 011 2734432** - fax **+39 011 2237772**

For additional information on the preparation:

Marketed by **VABER INDUSTRIALE S.p.A.**

This preparation contains substances not classified or classifiable as hazardous pursuant to current regulations. Therefore, according to Articles 31 and 32 of the REACH Regulation, the drafting of a safety data sheet is not required but some information for end users is communicated down the supply chain.

- 1. Registration number of substances contained (only if included under points b, c, d of Art. 32 of REACH):
substances not contained in this preparation.**
- 2. Substances subject to authorisation (Annex XIV REACH):
none.**
- 3. Restrictions imposed on contained substances pursuant to Annex XVII of Regulation (EC) 1907/2006:
none.**
- 4. Information on safe use of the the preparation and emergency management:
The use of this preparation does not require any specific precaution or protection.
In any case, it is recommended to operate in compliance with good industrial hygiene practices.
In case of contact with skin and eyes, rinse with plenty of water.
In case of ingestion, seek medical attention.
There are no known instances of health damage ascribable to this product.
Follow usual safety measures when handling products containing chemical substances.**
- 5. Extinguishing media.
Extinguishing media of the conventional kind: carbon dioxide, foam, powder and nebulised water.
Do not breathe combustion products.
Cool the containers with water jets to avoid product decomposition and the release of potentially harmful substances.
Always wear full protective fireproof equipment.**

6. *In case of accidental release:*

Avoid product dispersal into sewers and surface or ground water.

7. *Storage, conservation and disposal*

No specific precautions to be taken for storage.

Keep the product in its original, clearly labelled packaging.

Keep packaging sealed and store away from humidity, rain, and sunlight/heat, at temperatures between +5°C and +35°C.

Keep away from children.

The preparation and its container are classifiable as non-hazardous special waste.

Disposal should be carried out by an authorised waste management company, in accordance with national and local regulations.

Note for users:

The information contained in the present sheet is based on the knowledge available to us on the date of the last version.

Users must verify the suitability and thoroughness of the information provided in relation to each specific use of the product.

This document must not be regarded as a guarantee on any specific product property.

The use of this product is not subject to our direct control; therefore, users must, under their own responsibility, comply with the current health and safety laws and regulations. The producer accepts no liability arising from improper uses.

Provide adequate training to personnel working with chemicals.
